NEWS AND VIEWS . . .

And What Have You

By BOB CRAIG

As we close out one year and begin another, we would like to take this opportunity to wish all of our readers a very happy and prosperous year in 1970.

We can only hope and pray that 1970 will be the year that peace comes to both our troubled world and especially our nation. While we would like to see peace the world over this may be more than we have the right to hope for as long as we have so many nations living under the guns of dictatorships, but maybe, just maybe, there is hope for a more peaceful existence here at home.

Looking back, it would appear that 1969 showed much improvement over 1968 as we went through a summer that was not marked by nearly the violence of the previous one and the fall term of school seemed a little calmer than the year before.

While we have little hope that all of our problems are solved, or for that matter, will be solved in the next short year, we do hope that there is the possibility of more understanding among our fellow countrymen. At least, we can hope that more of those who are dissatisfied with the status quo have learned that violence is not the answer.

Here at home, our wish for 1970 would be that more of our people will join in every effort advanced to improve the economic life of Hamlin. While we are not one of those who seem to feel that Hamlin is on the verge of joining the list of has-been towns of West Texas, we do feel that more of our citizens need to show more interest in Hamlin's future.

Everyone that has anything invested in Hamlin, whether just a home or a business, needs to go to work to protect that investment.

With both the state and federal governments showing a strong interest in the future of the small towns across the county, it would seem that this is the year to get organized and try harder to make Hamlin grow.

One of the problems of our highly motorized nation is what to do with the old worn out cars. In their present condition they are not worth the freight it takes to get rid of them.

Hamlin, like most cities around the country, is blessed with a number of these old car bodies that are an eyesore and also in many cases both a health and a traffic hazard.

It seems that the only economical method of getting rid of these old cars is to bale them so that they can be hauled away for scrap.

Charles Helms has notified the local Police Department that he has made arrangements for the temporary location of a baler here and has volunteered as a public service to remove car bodies free of charge on the request of individuals. Those who would like to get rid of an abandoned car and do not have the means to do the job should contact Mr. Helms.

Those with a number of car bodies will have to make their own arrangements to get the wrecks to the baler, if they desire to get rid of them.

We were pleased to see that former Hamlin football player, Robert Pearce, was named to the NAIA All-American team as quarterback, this signal honor rounds out a year of honors for the talented quarterback for Stephen F. Austin. He not only was offensive player of the year in his conference but played in the Blue-Gray All-Star team.

Coach of the Gray team was another Hamlin Ex, Charles Shira, coach of Mississippi State.

Another Hamlin Ex to be honored as the football season comes to a close was Jerald McCannies. Jerald was named Class A All-Area coach of the year by the Abilene Reporter-News. His De Leon team won the Regional title this year.

ICE TAKES TOLL ON TREES—Ice which started forming Sunday afternoon had caused serious damage to trees by Monday morning. In the first picture, tree limbs and one antenna were downed at the Jerry Pritchard home by the weight of the ice. In picture 2, the tree in front of Harden Memorial Library has lost two limbs. Other pictures taken on West Lake Drive show damage to pecan trees and evergreens, picture 3, and to other mesquites, picture 4.

Heavy Ice Storm Grips West Texas

One of the worst ice storms in several years hit West Texas Sunday and continued its grip through Tuesday. The loss of power for several hours both Sunday night and Monday morning caused most of the problems for area residents.

A heavy coat of ice downed electric and telephone lines over the Big Country Sunday night and Monday, putting at least 50 towns out of communication with their neighbors, knocking out power to farm homes and other communities.

Hamlin residents were without power for a time Sunday evening and then again for most of Monday morning. Power was restored in the downtown area about 10 a.m. but it was around noon before power was restored for most of the town. Those with central heating and fan operated heating systems were without heat for the most part during this time.

Trees and television antennas were damaged extensively with very few trees escaping without some broken limbs.

Moisture recorded at City Pump station was .53 for Sunday and 1.28 by 5 p.m. Monday. This was made up of rain, sleet and snow.

Telephone service to the north was restricted with most of the service out in the Seymour District of General Telephone Co. This included an area from Aspermont to Crowell and across to Throckmorton.

Bell Telephone Co. spokesmen reported only limited service to Albany and Lamesa and no service to DeLeon and Rotan.

West Texas Utilities Co. had over 300 men working the clock trying to get service back to normal.

A heavy snow that was

predicted for Monday night failed to materialize with only a light amount falling brought relief to the area Tuesday.

Plagued by bad weather

all fall, the area cotton harvest was brought to a standstill again this week by the snow and ice with much of the cotton still in the fields.

Police Dispatcher to Limit Fire Information to Firemen, Officials

In the future no information will be given to anyone other than a fireman or city official when the fire alarm sounds.

This announcement comes from Police Chief Bryan Wasson who says that the police dispatcher has three telephones and two radios to man and this is all they can do without answering questions from people who have no need to know.

When the fire alarm sounds, many people who have no purpose other than

curiously call the Police Department to ask, "Where is the fire?" says Chief Wasson.

"These people are hampering the fire fighting operation by taking valuable time from the dispatcher who is very busy giving necessary information to the firemen," he added.

Siren chasers are another hindrance to the fire fighting personnel. These people can help by not calling the police station and not going to the scene of the fire, he said.

Voter Registration Blanks To Be Placed In Area Banks

Application blanks containing voter registration blanks and a box in which these may be deposited will be placed in the banks of the county shortly after the first of the year, according to Jones County Tax Collector Louis Johnson.

Issuance of voter registration cards is being handled by an Abilene computer firm but applications must

be filed. There is no cost.

Mr. Johnson emphasized this week that application blanks have been mailed only to those who registered last year. This was a much smaller number of voters than usual and it will be necessary for all others to obtain an application blank and send it in before they can obtain a registration certificate and become eligible to vote.

Mr. Johnson emphasized that it again is necessary for everyone to register — there are no exemptions because of age.

Many people have inquired about their registration card, saying they have filed their application. Mr. Johnson said, and he explained that the Abilene firm had made only one mailing and would catch up shortly.

However, he urged everyone who has sent in an application but who does not receive his registration slip by the middle of January, to inquire at his office.

Pipers to Play At Ballinger Friday Evening

Picked by the Abilene Reporter-News to capture District 7-AA basketball honors, the Pied Pipers will resume district action Friday. The Pipers will be playing the second ranked team, Ballinger at Ballinger.

Both teams have 2-0 records in loop play.

Since the Bearcats do not field a girls team, the Pipers will be idle. The B team will open the Friday night action at 6:15.

Tuesday night the three Hamlin teams will host Merkel with the first game starting at 5.

Funeral Services Held Dec. 23 for J. W. Stapler, 73

Funeral services for J. W. Stapler, 73, were held here at 3 p.m. Dec. 23 at the Church of the Nazarene. Rev. Marshall Stewart, pastor, officiated.

Burial was in Hamlin East Cemetery.

Mr. Stapler, a resident of Hamlin for 42 years, died at 2:15 a.m. Dec. 22 in Hamlin Memorial Hospital. He was a retired farmer.

He was born March 31, 1896, in Alabama. He married Ora Boiles at Truby Mar. 7, 1925.

Survivors include his wife; a son, W. T. of Conroe; three daughters, Mrs. Lee Terro of Port Neches, Mrs. Jimmy Kelly of Sweetwater and Miss Ella Stapler of Hamlin; five sisters, Mrs. Amy Boiles, Mrs. Leroy Kennedy, both of Hamlin, Mrs. Russell Cannon of Taylor, Ark., Mrs. Tom King of Hale Center, and Mrs. James Arnold of Sweetwater, and six grandchildren.

Jaycees to Host Livestock Show Here Jan. 10

The Hamlin Community Livestock Show will be held here Saturday, Jan. 10, at the Jaycee Community Building, according to the Hamlin Jaycees, sponsors of the show. Skipper Smith is general chairman.

The community event is open to all FFA and 4-H club members who attend Hamlin Public Schools.

Ribbons and prize money will be awarded and trophies will be presented to outstanding exhibits.

FFA and 4-H members are asked to turn in their entries to T. C. Blankinship or Milburn Wink by Jan. 7.

There will be classes for breeding and fat swine, breeding and fat beef cattle, rabbits and poultry.

Jerald McCannies Named Area Class A Coach of Year

The Abilene Reporter-News named former Hamlin gridder Class A Coach of the Year. Receiving the honor was Jerald McCannies, head coach of the Regional Champion DeLeon team.

In making the selection McCannies edged out Don Lambeth of Munday and Vernon Townsend of Roscoe. All three coaches had similar records as they were underdogs in their district and all came out with champions. The Reporter-News picked McCannies for going farther in the playoffs and for playing the toughest overall schedule.

Roy Thorn Asks Re-election

Roy Thorn, County Clerk, has authorized the Herald to announce his candidacy for re-election to that office in the forthcoming Democratic Primaries.

He will issue a formal statement later, he said.

Jaycees Term Turkey Shoot Here Successful

The Hamlin Jaycee Turkey Shoot held Dec. 21 was termed a success by project chairman Jerry Smith.

More than \$100 was raised to be used for underprivileged children in Hamlin.

Twenty turkeys and six hams were given as prizes.

Smith expressed appreciation for the support given to the project.

Named On NAIA All-American Team

Robert Pearce, former Hamlin football player and quarterback for the Stephen F. Austin Lumberjacks was named first team quarterback on the NAIA All-American team.

The 22-man first team was selected by the NAIA Football Coaches' Association.

By MRS R M BABB

Looks like rain, sleet or snow. Kinda late for Christmas, but we will like it anyway!

Mr. and Mrs. Paul Stephens continued to celebrate last week by going to Brownwood and DeLeon for a visit then home again for the holidays.

Mr. and Mrs. W. B. Brown drove to Levelland Christmas day and spent the day in the home of Mr. and Mrs. Max Deel.

Mr. and Mrs. J. P. Maberry spent Christmas with the Wesley Maberrys in Irving and on Christmas day drove home bringing the granddaughters home with them. But — close behind were Wesley and Sally which the girls didn't appreciate at all, they thought they were having a vacation without Mother and Daddy.

Mr. Ernest Kiser is spending the Holidays in Ft. Worth with the Tankersley family.

In the Ross Douglas home on Christmas day were Mr. and Mrs. Don Douglas and boys of Big Spring. Mr. and Mrs. Kenneth Douglass and son of Abilene. Mr. and Mrs. Gary Douglass and daughter of El Campo. Mr. and Mrs. Don Wright and daughter of Roby and Mrs. Floy Douglass of Llano.

Friday afternoon, Mr. and Mrs. J. C. Holden and daughters of Odessa stopped for coffee with his sister, Mrs. J. P. Maberry on their way home.

The Tommy Wilsons of Hartley spent the Holidays with Mrs. Gladys Williams, they returned home on Thursday late.

Mrs. Jonah Self spent the week in the hospital in Hamlin even though her daughter and family, the Bill Williams were visiting.

Melissa Hardwick of Abilene is spending the holidays

in her parent's home, the Chub Hardwicks.

Mr. and Mrs. Jim Lanning were very happy to have their grandchildren with them on Christmas day, James David and Reveille Ann Lanning. Oh yes, J. Davids parents, Capt. and Mrs. Jimmy Lanning of Ft. Benning, Ga. and Lee Ann's Mother, Mrs. Lee Lanning of Roby were there.

Visiting in the Lanning home the first of the week were Mr. and Mrs. McKee Andrus and Mr. and Mrs. Don Andrus of Houston.

Mr. and Mrs. Harold Johnson and boys of Ducanville, Mr. and Mrs. Jimmy Purvis and family, Mr. and Mrs. Mike Dobbs and son of Euless enjoyed the holidays in the home of Mr. and Mrs. W. M. Lawlis.

In the Cecil Kiser Sr. home over the holidays were Mr. and Mrs. Cecil Kiser Jr. and family of Oklahoma, Mr. and Mrs. Thomas Kiser and daughter of Ft. Worth and Mr. and Mrs. Bobby Kiser of Hamlin.

In the L. C. Brown home for the holidays are their daughter, Betty Sue and her family, from Oklahoma.

Mr. and Mrs. Jerry Kiser and children of Midland, Mr. and Mrs. Derwin Maberry and children of Brady, Mr. and Mrs. Joe Spikes of Abilene, Mrs. Allie Ward of Hamlin visited in the Roy Kiser home for the Holidays.

Mr. and Mrs. Fred Turner have all their children home during the Holidays, Mr. and Mrs. James Turner and girls from Brownfield, Mr. and Mrs. Thomas Bartley and boys from Odessa and Mr. and Mrs. Ronnie Gaasch and daughter from Austin.

Mrs. May Hurst enjoyed Christmas dinner with her sister in Hamlin.

Mr. and Mrs. Cliff Early enjoyed Christmas with their

son's family in San Angelo. They have two sons living there, James and Glendon. **Lynn Edwards** of Houston and Paula Cox of Brazoria spent the weekend in the R. M. Babb home also visiting with his grandmother, Mrs. Edwards, in Hamlin.

Passbook Savings

MINIMUM TIME AND AMOUNT

Passbook accounts may be opened for as little as \$5.00 at any time.

ADDITIONS

Additions may be made at any time in any amount. The passbook provides a complete record of transactions and is a flexible and convenient method for regular and systematic savings. Savings received through the 10th of each month earn from the 1st of the month. Savings received after the 10th of each month earn from the 1st of the following month.

WITHDRAWALS

Withdrawals may be made at any time in any amount. Dividends are determined on the remaining balance. Funds added to the account last are withdrawn first.

DIVIDEND PAYMENT

Dividends are compounded quarterly (March 31, June 30, September 30, and December 31). Savings compounded quarterly for one year at 4 3/4 % a year will yield 4.83%.

Dividends may be automatically mailed quarterly, semi-annually, or annually when requested.

Savings Certificates

MINIMUM TIME AND AMOUNT

Certificates are issued for at least a six month period, for a minimum of \$10,000.

AUTOMATIC RENEWAL

Certificates are automatically renewed for additional six month periods. Certificate owners will be notified on changes thirty days in advance of the maturity date.

ADDITIONS

During the ten day period following maturity, existing certificates may be reissued to include additional amounts. As long as a customer holds a certificate of \$10,000 or more, additional certificates can be issued to earn the current dividend rate for certificates. Such certificates must be issued in identically the same name(s).

WITHDRAWALS AND REDEMPTION

Withdrawals may be made as needed; however, the original certificate must be surrendered and a new certificate will be issued after each withdrawal. When the balance is below \$10,000 the funds will be transferred to a passbook account. For redemption in full or transfer, certificates should be signed on the reverse side and submitted in person or by mail for cancellation.

Dividends credited to a certificate may be withdrawn at any time without affecting the existing certificate.

Withdrawal of funds other than dividends prior to the maturity date will cause a small adjustment on the account. The adjustment is a reduction in earnings (to 4 3/4 % a year of dividends already paid at 5 1/4 % a year) on funds withdrawn before maturity.

DIVIDEND PAYMENT

Dividends are payable or compounded quarterly in one of the following manners: (1) Dividends may be added to your certificate account and compounded at the rate of 5.25 % a year, which yields 5.25 % a year. (2) Dividends may be added to a flexible passbook account and compounded. (3) Dividend checks may be automatically mailed. Dividends are paid on quarterly dividend payment dates.

Certificates purchased through the 10th of each month earn from the 1st of the month.

New Registration System to Make Buying Motor Vehicle Licenses Easier Than Ever Before

Texas drivers will find registering their motor vehicles for 1970 easier than ever before, thanks to a new registration system devised by the Texas Highway Department. The Department expects more than seven million vehicles to be registered during the year and there will be several new wrinkles.

First, license plates will have a new color scheme — light blue on a reflective white background.

Second, for the first time, motor vehicle registration renewal applications will be mailed to every vehicle owner in Texas during January. The registration period begins February 1.

The renewal application will arrive in the mail in a slender envelope marked, "Important — This is your License Plate Renewal Application."

The application itself has instructions printed on it. It

is a three-part form which should not be torn apart.

When the registration period begins, the vehicle owner need only take the application — and the fee — to the county tax office. Or he can order his plates by mail.

Jones County Tax Collector Louis Johnson said this week members of his office had attended two meetings, one in Haskell and one in Abilene — where the new procedures were explained. He emphasized the importance of

motorists keeping the renewal applications when they are received in the mail.

With the application he will no longer need to present his certificate of title or the last year's registration receipt.

If he decides to go to the county tax office or a substation, he will find shorter waiting lines. With the application, the clerk will need only to receive the fee, affix to the application a sticker showing the registration number and other data and hand over the 1970 plates.

Some vehicle owners may find it even more convenient

to go through the registration process by mail.

Although vehicle owners can register their vehicles in person until April 1, there is a March 1 cutoff date for mail registration. This allows 30 days for delivery before 1970 plates must be displayed on vehicles.

If the vehicle owner wants his plates mailed to him, he should send his registration application to his county tax collector, with the registration fee plus \$1, which is the statutory charge for handling and postage.

If the address on the renewal application is incorrect, the vehicle owner should

print his correct residence address on all three parts of the application.

Initiation of the new system means Texas now has one of the most efficient systems in the nation.

FORTY-FIVE YEARS AGO
(December 26, 1924)

The Christmas Holidays will soon be here, and parents let me beg of you that you please caution your children in the use of fireworks during these holidays, it is not only dangerous, but against the City Ordinance and State laws to fire, explode or set off any squibcracker, or other thing whatsoever containing powder or other combustible or explosive material within the fire limits of the City of Hamlin. I not only ask that this law be complied with, but ask that you caution your children as to the danger of these fire works in the residence section of town, as this warning may be the means of preventing a serious fire. J.C. Turner, Mayor.

On Monday afternoon in front of the Hillier Garage a serious accident happened when the motorcycle ridden by Guy Stovall collided with a car being backed out of the garage by Mr. Winkles. He was going at a rate that prevented him from turning and his leg struck the bumper and a very unusual and severe break resulted. He was given first aid and rushed to the Stamford Sanitarium. It was a narrow escape and the boy is really fortunate to get out as light as he did.

Whether or not the teachers of this county reflect the studied opinion of all the people, it is clear that on some subjects touching the future legislation for the Texas School System, they are much divided and on others almost a unit. Below we reproduce how they voted, as reported in the Stamford Leader of last week. We believe the general public should keep a keen eye on all matters that so vitally concern them, and further, interested citizens should let their ideas be known to the minds of the legislature that must act upon these matters. It is no crime to differ with any person, we all should be open for consideration of public issues, but notice that Jones County Teachers voted this way:

1. Providing for a state board of education non-political and non-partisan who shall appoint the State Superintendent of Public Instruction and perform other administrative functions? Yes, 78; No, 38.

TWENTY YEARS AGO
(December 23, 1949)

A musical program, featuring Christmas carols, was given in the high school auditorium Monday Morning. Walter Chalcraft was in charge of the program.

Instrumental music was played by the high school band, and vocal numbers were given by the Glee Club, and by Miss Norma Sechrist of McMurry College.

Patsy Parker told the story of the Little Match Girl, and Miss Billie Kathryn Lancaster's speech class entertained with readings.

Hamlin's Pied Pipers took both games in a double-header with Rule on the local court last Wednesday night.

The Piper A team won 27 to 21, and the B team took the long end of a 23 to 10 score.

Asa Goodgame and Joe Allen Dean, each with nine points, tied for top scoring honors for the A string, and John Edgar Rowland, with six points, was high man for the B game.

Hamlin's two gins have turned out 10,406 bales of cotton from the 1949 crop, managers, of the firms reported at noon Thursday.

The ginning rush is practically over, both gins reported, with only a few bales coming in each day. It is believed the two gins will handle 12,000 bales before the end of the season.

Employees of the Jones County Welfare office will have a 10-day vacation during the Christmas holidays, it was announced this week.

The office was to close Thursday, December 22, and not reopen until Tuesday, January 3 at 8 a.m.

TEN YEARS AGO
(December 24, 1959)

Hamlin's city water department has been awarded an "award of merit" from the American Water Works Association for establishing a no-time-lost-to-injuries record for the year, according to Bill Rountree, superintendent.

The award was given under a plant safety program inaugurated three years ago by the AWWA ad supported by the Texas State Department of Health.

The award of merit is given to utilities with less than 50 employees in which no lost time injuries have been experienced during the year.

Depending on the size of the plant, from one to five consecutive merit awards are necessary before a department can earn an "award of honor," highest offered in AWWA competition.

Thirty-five Texas cities won merit awards this year.

Small grain fields of the Hamlin territory and much of the rest of the state should flourish soon, now that good winter rains have come. More than two inches as I've ever seen, according to many old-timers—came last week over the region.

The 2.05 total for the month of December brought the year's official rainfall at the Hamlin government rain gauge maintained at the city pump station by Bill Rountree to 23.07 inches, which is a little above the 18-year official average of 22.74 inches for the year.

November's total was .15 of an inch. By days the December rainfall so far has been: December 10, .01; 15, 1.27; 16, .06; 17, .70; and 18, .01.

The rains that came here were the ground-soaking kind, very little getting to the running stage. Country roads in the Hamlin territory were in bad shape where caliche or other base had not been put down.

While the Panhandle had freezing weather along with its rainfall, this region had above-freezing temperatures most of the time. Some ice would form during the nights but thaw during the days.

Pastures, likewise, will benefit greatly from the rainfall, which should produce more winter weeds and give the grass turf another boost.

tract covering work, for the most part, to the west of Abilene.

Graveside Rites
Held Here For
Mrs. Emma Smith

Graveside rites were held in Hamlin East Cemetery Dec. 22 at 2 p.m. for Mrs. Emma E. Smith, 93, of Lubbock.

Rev. Vergil Smith, pastor of McCauley Baptist Church officiated.

Born Apr. 14, 1876, in Tennessee, she was married to John Calhoun Smith. He died June 3, 1964.

Survivors include three sons, W. W. Smith of Lubbock, J. D. Smith of Riveria, Ariz., V. V. of Houston; four daughters, Mrs. Fairy Loy of Lubbock, Mrs. Maudie Adams, Newhall, Calif., Mrs. Gertrude Boice of Riveria, Ariz., and Mrs. Pearlene Knoll of Cherry Valley, Calif.; 16 grandchildren, 33 great-grandchildren and two great-great-grandchildren.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Slow Moving Vehicles to Carry Warning Triangles Starting Jan. 1

AUSTIN — Bright orange and red triangles visible more than a fifth of a mile away will tell drivers they are approaching the rear of a slow-moving vehicle beginning the first day of 1970.

The Texas Safety Association advises mobile machine owners and operators that the new law states all vehicles designed to travel at speeds of 25 miles an hour or less must have approved emblems affixed on the back three to five feet above the road when on public streets and highways. If the emblem on a towing vehicle is visible at all times, the law exempts the machine being towed.

Farm and Ranch Vice

President Joe L. Smetana of TSA wants Texans to know the new law is attacking rear-end collisions by specifying a standard emblem easy to see at a safe distance both day and night on slow vehicles, which include farm machinery as well as construction equipment and all other mobile objects. Machinery being pulled by animals must also display the slow-moving vehicle emblem.

The standard size for emblems is 16 inches wide by 14 inches high. In daylight, approaching drivers will see a cold bright-orange luminous triangle. At night, only the shiny red border will will glow brilliantly around

NARCOTICS CHECKS — Student involvement and elimination of "misinformation" about drugs and drug usage were factors discussed at the organizational meeting of the interim House Narcotics Investigating Committee.

A final decision on the specific areas of investigation by the committee will wait until Committee Chairman Tom Bass of Houston has a chance to meet with the Governor, Lieutenant Governor and Speaker. Each of those three is conducting a study of his own.

Bass said that "Everyone has his ideas about drugs, but very few people know, in reality, what drugs do what." He suggested that other members of the committee establish contacts with students in their areas.

"If nothing else," said Bass, "I hope this Committee will separate fact from fiction, and will deal with the intelligence and intellect rather than emotion, and will come the invisible sunlight reflector. The emblems are weather-proof and very effective wet or dry when kept clean."

"These signs are required in addition to any other lighting or reflective devices specified in traffic regulations," Mr. Smetana said.

"Two out of three crashes involving slow-moving vehicles are rear-end collisions, which account for two-thirds of fatalities and injuries and 70 percent of property damage value. Nine out of 10 smashups occurred during daylight hours on dry highways."

"We are sure that use of SMV emblems will reduce the number of this kind of crash and have significant benefits for highway safety," said the TSA vice president.

Vehicles and mobile machines being used on the job and within the limits of a marked construction or maintenance area may operate minus emblems, but once on the public road they must display the SMV emblem.

Twenty other states have laws providing for the use of the SMV emblem.

up with recommendations on the basis of reasoned research rather than popular politics." If research indicates that present penalties for drug use are too stiff, he added, they should be reduced or eliminated.

REAPPORTIONMENT ORDERED — Texas' 21-member State Board of Education must be reapportioned says the three-judge federal court. However, judges set June 1, 1971, as the deadline, thus averting the need for a special legislative session on the issue.

Court concluded that the board must avoid discrimination against urban residents. U. S. Supreme Court's one-man, one-vote principle thus was applied to the state elected body with broad governmental statewide powers

delegated by the legislature. Under this order the six board members elected in 1966 will serve their full six-year terms; seven elected in fall of 1968 will serve through December, 1972; and eight elected in November, 1970, will serve only two years.
